# ON-SITE PHARMACY SERVICES

## Kinnick Medical can help you set up an On-site Pharmacy

Many patients need medication as part of their treatment regime and making a trip to a pharmacy can add to their stress and recovery time. Kinnick Medical can help by providing an on-site pharmacy that offers the necessary medications to patients that visit your practice for treatment. We work with you to choose the pharmacy model that balances your needs and factors such as space, consumer mix and state regulations. Kinnick Medical also provides our exclusive local support team that is available 24/7 to assist your patients.

*We are here for you and your patients, leave the worries to us.*

# HOME-DELIVERY PHARMACY SERVICES

## Let Kinnick Medical remove the stress from patients with our Home-Delivery Service

We know that giving your patients the best care possible is what you strive for and so do we. That is why we have designed a **Pharmacy Home-Delivery** service that is second to none! We see each patient as an individual and therefore created a pharmacy that manages each person as such. Did you know, Kinnick Medical does not require a costly and time-consuming implementation process? We keep it simple.

Best of all, we understand the unique requirements of injured workers and the complexities of worker's compensation.

*We are committed to ensuring that your patients receive the medications they need in a cost-effective, time-efficient manner with next day service!*
